REGISTRATION APPOINTMENTS

All registrations will be processed through the PowerSchool Enrollment form. Once the online registration information is submitted, please schedule an registration appointment (phone call) to review the information with the registrar who will confirm the registration requirements have been fulfilled, or if additional information is required to complete the registration for your Kindergarten student.

If you have specific questions regarding the registration process you can schedule a virtual appointment to speak with the Registrar by going to the QCSD website and following the directions listed under the "Scheduling an Appointment" section on the Kindergarten Information for the 2022-2023 School Year page. At the time of your appointment you will call the Registrar's office at 215-529-2023.
