Rotary Club seeks families to host students for 2020-21

The Rotary Club of Quakertown is seeking host families for its 2020-21 inbound Youth Exchange Student program.

The typical duration of the stay with one host family is 3-4 months. (Students will stay with 2 to 3 different local families throughout the year). The student will be enrolled at Quakertown Community High School.

The Quakertown Rotary Club provides a monthly allowance of $125 for expenses. The students have their own health insurance and $300 emergency fund in cash held by Rotary. Students arrive with a credit card from home to cover clothing and other additional expenses. The host family is responsible for providing a caring home as well as room and board and the student’s transportation related to out-of-school activities.

Many wonderful acquaintances and friendships have been formed locally and internationally as the result of this program.
