5th annual QCHS College Fair

Approximately 1,200 ninth, 10th and 11 graders had the opportunity to meet with more than 80 colleges, universities and military organizations during Thursday's 5th annual College Fair at Quakertown Community High School.

The occasion, organized by QCHS counselor Eric Goz-

zard, gives students the opportunity to speak with admissions officials about college life, expectations, grades, financial aid, scholarships and career opportunities.

Several representatives visiting the school described the event as "full of energy."
