- Students can list up to 20 colleges at a time
- Schools can be added or deleted at any time
- Once the final school choice is made, students should update their PA State Grant record.

The image displays two screenshots of the FAFSA 2024-25 application interface for Student Raya Tran.

The top screenshot shows the "Your Colleges" section. It includes a "Continue" button and a "Previous" button. A message states: "In this section, you'll search for and select schools you're considering so they will automatically receive an electronic copy of your FAFSA form. You don't need to worry if you don't end up applying to them - there is nothing else you need to do."

The bottom screenshot shows the "Where should we send your FAFSA?" section. It includes a search bar and a "Search" button. The search criteria are: State (California (CA)), School Name (optional), and School Code. A progress indicator shows the current step is "Colleges" (4 of 5).

FAFSA Confirmation

Upon submitting the student's FAFSA[®] form, the parent is presented an abbreviated confirmation page. This page displays information about tracking the student's FAFSA form and next steps. The student will receive an email with the full, detailed confirmation. With the student and parent sections completed and signed, the FAFSA form is now considered complete and submitted for processing.

The screenshot shows the FAFSA confirmation page for the 2024-25 school year. The page features a celebratory banner with the text "Congratulations, the FAFSA Form is Complete!" and the student's name, Raya Tran, and the date 10/12/2024. Below the banner, there is a section titled "What Happens Next" with three items:

- Email sent**: Confirm that the student received an email version of this page.
- The Student Will Receive Notification of Processing**: In one to three days, the student will receive a notification by email that their FAFSA form was processed and sent to the student's schools.
- The Student Will Receive School Communications**: We use the information collected on the student's FAFSA form to calculate their Student Aid Index (SAI). The SAI lets schools determine how much aid the student is eligible to receive. Schools will reach out to the student if they need more information. They will also contact the student with financial aid offers. Once received, the student can contact their financial aid offices directly to ask questions about their student aid packages.

At the bottom, there is a section titled "Track and Manage the Student's FAFSA Form" with a "View Status" button. The text below the button reads: "We can check the status of the student's application in the 'My Account' section of your StudentAid.gov account. We will let you know if we need anything more from you."

FAFSA is Filed... Now What?

Need Analysis is Calculated by Your School

Schools use FAFSA calculations to determine a student's financial need based on –

Two Components:

- The student's Cost Of Attendance at the chosen institution.
- The student's Student Aid Index (SAI).

SAI figure includes parent(s) & student's contribution.

What School Costs Are Considered?

Schools cost of attendance includes:

- Tuition and Fees
- Housing and Food
- Books, Course Materials, Supplies & Equipment
- Transportation
- Personal Expenses

How is the SAI Calculated?

- Primarily income-driven
- Major factors for dependent student:
 - Parental & student - income and assets
 - Family size

A student's SAI remains the same no matter which school the student attends.

Parents Income and Assets

Income

- Income is based on 2022 year for AY 2024-25
- Tax filers report AGI from tax return
 - They are Not required to report income earned from work off the W-2
- Allowances are made for taxes, working households, and living allowances based on family size

Assets

- Must report assets in their name, total cash, savings, and checking accounts (Include 529 accounts for the student, owned by parent(s) or by the student)
- Current Net Worth of investments, including Real Estate
- Current Net Worth of Businesses and Investment Farms
- After the Asset Protection Allowance is deducted from the value of the assets, 12% of the remaining asset value is used in the SAI calculation
- Not an asset: value of primary residence, personal property, qualified retirement accounts, and life insurance policies

Student Income and Assets

Income

- Allowances are made for taxes
- Earnings from work-study are excluded
- Income protection allowance of up to \$9,410 and remaining income assessed at 50%

Assets

- Dependent students must report assets in their name, total cash, savings, and checking accounts
- Current Net Worth of investments, including Real Estate
- Current Net Worth of Businesses and Investment Farms
- 20% of the value of the assets is used in the calculation of the SAI
- Not an asset: value of primary residence, personal property, qualified retirement accounts, and life insurance policies

Calculating Financial Need

- Schools/colleges receive FAFSA information and calculate financial need
- Financial Aid Office (FAO) “packages” student based on financial need and available funding (varies from school to school)
- Financial aid notification sent to student

COA
-SAI
-OFA
=NEED

A photograph of a green surface with several pencils. Handwritten in white chalk or marker is the equation: COA minus SAI minus OFA equals NEED.

Financial Aid Notification

- Official notification from school about financial aid, terms and conditions
- Lists the type and amount of aid to be received
- Describes what must be done to accept or reject any aid
- Discloses students' rights, responsibilities and academic requirements

Reviewing the Financial Aid Package

How much of the financial aid is free money?

Which awards are based on need, and which are based on merit?

Are there any conditions on the free money? GPA requirement?

Will awards increase as tuition increases?

Will awards change from year to year?

Will loans be needed?

1) **Annual Percentage Rate (APR) Calculations** – The lowest APR is based on the following assumptions: a loan of \$10,000 made in a single disbursement, a borrower who selected an Immediate Repayment Plan and a repayment term of 60 months, monthly payments of \$183.49 a fixed periodic interest rate of 4.10%, and a total amount repaid of \$11,009.34. The borrower in this sample qualified for a 0.25% Direct Debit benefit for the entirety of the repayment period. The highest APR is based on the following assumptions: a loan of \$10,000 made in a single disbursement, a borrower who selected an Interest Only Repayment Plan and a repayment term of 180 months, monthly payments of \$64.17 for 46 months and \$93.84 for 180 months, a fixed periodic interest rate of 7.70%, and a total amount repaid of \$19,843.12.
