Dear Bob:

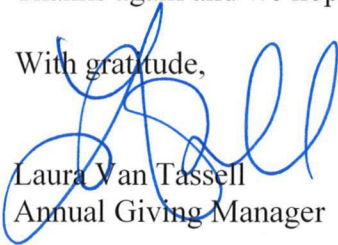

Thank you for your donation of \$500.00 on 1/14/2020 as part of the Guest Chef program at the Philadelphia Ronald McDonald House. You have provided our families with a nutritious meal and helped make this place feel more like a home.

Just like in so many homes around the world, the kitchen is at the heart of the Ronald McDonald House. It is in the kitchen where families greet one another each morning before heading to the hospital. It is in the kitchen where parents catch up on emails and children play. And it is in the kitchen where families from all different backgrounds gather after a long day to chat with new friends and enjoy a delicious home-cooked meal.

In addition to providing meals, we are happy to provide our guests with comfortable rooms, fun family activities, social worker support, and transportation to and from the hospital. With help from generous friends like you, the House offers all the comforts of home without any added financial burden to families who are seeking the best possible medical care for their children.

Thanks again and we hope to see you in the kitchen again soon.

With gratitude,

Laura Van Tassell
Annual Giving Manager

2020-49
