UPPER BUCKS COUNTY TECHNICAL SCHOOL AND DRIVER TRAINING SERVICES PARTNER TO PROVIDE INSTRUCTION AND TESTING TO ALL AREA HIGH SCHOOL STUDENTS

Perkasie, PA, November 1, 2013- The Upper Bucks County Technical School (UBCTS) and Driver Training Services, a private school in North Wales, have entered into an agreement to provide driver education to all area high school students.

All area teens are now eligible to participate in both classroom instruction and “End of Course” skills test instruction. The “End of Course” skills test replaces the standard PennDOT driving exam. PennDOT now allows private driving schools in partnership with public and private k-12 schools to administer the driving test directly to enrolled students. A licensed PennDOT examiner will provide the “End of Course” skills test, originating from the Upper Bucks County Technical School.

To be eligible to take the “End of Course” skills test the teen must:
• Be enrolled as a high school student-a transcript is required
• Successfully complete a state-approved 30-hour driver ed theory course- this course is taught after school at UBCTS
• Successfully complete a state-approved behind-the-wheel driver ed program consisting of at least 6 hours
• Successfully complete a minimum of 65 hours of supervised training time, including at least (10) hours of night driving and (5) hours of bad weather driving (students under 18)
• Have a valid PA learner’s permit for a minimum of 6 months (under age 18)

Driver Training Services is committed to preparing our community’s teenagers for a lifetime of safe, defensive driving. They are the only private driving school in the region that is both an official training center of the National Safety Council and a AAA approved Driving School.

For additional information please visit www.drivertrainingservices.com/ubcts or call Driver Training Services at 215-699-0836.

UBCTS is a public school serving the students in three Upper Bucks County School Districts. Those districts include Palisades, Penr...
